Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Pursuant to 37 CFR 1.114, 1.97 and 1.98, applicants request continued examination of the above-identified patent application and submit this Second Supplemental Information Disclosure Statement and the references listed on the enclosed Form PTO-1449 and/or Substitute Form PTO-1449 ("Form 1449") for consideration by the Examiner.

The tree diagram on the following page shows the relationship between the above-identified patent application and the several cases to which it is related.

The full consideration of the references in their entirety by the Examiner is respectfully requested and encouraged. Also, it is respectfully requested that the references be entered into the record of the present application and that the Examiner place her initials in the appropriate area on the enclosed Form 1449, thereby indicating the Examiner's consideration of each of the references.

We have provided, by way of this Second Supplemental Information Disclosure Statement and the previously-submitted information disclosure statements, the relevant references of which we are aware. If there is additional material cited in the record of any of the related applications presented in the diagram above that the Office would like us to provide, please let us know so that we may submit these references to the Office.

The submission of the references listed on the Form 1449 is for the purpose of providing a complete record and is not a concession that the references listed thereon are prior art to the invention claimed in the patent application. The right is expressly reserved to establish an invention date earlier than the above-identified filing date in order to remove any reference submitted herewith as prior art should it be deemed appropriate to do so.

Further, the submission of the references is not to be taken as a concession that any reference represents art that is relevant or analogous to the claimed invention. Accordingly, the right to argue that any reference is not properly within the scope of prior art relevant to an examination of the claims in the above-identified application is also expressly reserved.

The Information Disclosure Statement is being filed:

- ☒ **within** any one of the following time periods: (a) within three months of the filing date of a national application other than a continued prosecution application under 37 CFR 1.53(d); (b) within three months of the date of entry of the national stage as set forth in 37 CFR 1.491 of an international application; (c) before the mailing date of a first Office Action on the merits; or (d) before the mailing of a first Office Action after the filing of a request for continued examination under 37 CFR 1.114.

- ☐ **after** (a), (b), (c) or (d) above, but before the mailing date of a final action under 37 CFR 1.113, a Notice of Allowance under 37 CFR 1.311, or an action that otherwise closes prosecution in the application, and includes *one* of:
